4<sup>th</sup> July 2018

Earlier this year, I asked Joe to assist my son Micheál with a preparation Interview for a U.K. University. I had previously purchased his Maths Solutions Book for the exams and he was always very helpful in dealing with queries and specific Maths questions my son had about the Leaving Certificate course.

Joe was excellent in the role of interviewer and ensured my seventeen year old son was calm and organised in his approach as the real interview and assessment day approached. Joe's feedback was really insightful without being critical of my son's performance on the day. I noticed how positive my son was about this type of Interview preparation with Joe and how invaluable it proved to be.

Shortly thereafter, Micheál was one of 270 out of 2,700 applicants that were accepted onto his desired course and only one of a handful that had their places confirmed within three hours of his interview on the day. I can totally put this down to Joe's exceptional preparation in the previous weeks.

Please do not hesitate to contact me by e-mail if you require further Information.

Kind regards,  
Marie Kinsella
