What the ‘Class of 2026’ said of ACE Maths Tuition?

Below is a sample of texts and emails from Leaving Cert Parents and Students on Results Day -

21st September 2026:

Hi Joe,

Jake here, just wanted to reach out and say thanks for all the help during the year. Ended up with a H3 that was well above the H5/6 I was getting the last two years. Thanks again, Jake.

Hi Joe,

Hope your well !! Just letting you know I got a h5 in maths and I am absolutely over the moon !!

Thank you for all your help and support:)

From, Aine.

Hi Joe,

Thanks again for all your help, you're brilliant, if I can help you with recommendations please let me know, your grinds are amazing, and you are such a motivator, wish I had your help when I was doing my LC way back when.

Ciara (Parent).

Hi Joe, just want to say thanks for the help over the year you got me to my goal of a h6 and I am delighted with it especially as how paper 1 went so bad, thanks for the help. Aaron.

Hi Joe. Just wanted to say I’m super happy with the results. 601 points and H1 in Maths. Peter.

Hi Joe, just wanted to let you know I got a H3 in maths. I’m really happy with it and the rest of my results. Thank you for all the work you did with us over the past two years. I found those two papers quite hard so I definitely wouldn’t have got what I did without your help. I really appreciate it! Ellen.

Hey Joe,

I know my mam probably already got onto you but I wanted to email you myself. I had extreme doubts about my abilities in maths and ordinary was a serious option in my mind for a while leading up to the exams. I stuck through it, and I couldn’t have done it without your help. The little red book we put our summaries into was literally my most used exam resource apart from the actual past papers, and your lessons were nothing short of exceptional. I’ve come away with a H4 now, which isn’t a magical result, however that is after an entire year of never passing maths exam until the mocks and failing the next exam after that. Thank you so much for helping me make this happen. I literally could not have done it without your school. Sincerely, James.

Hey Joe, just saw my results now and I got a H6 in maths which I'm thrilled about as it's a course requirement for my first choice! I really did think I had failed back in June but I'm happy with how it worked out in the end. Thank you so much for all your help and support throughout the year

Kind regards Niamh.

Hi Joe, he got a H5. He is very happy because he got 25 points more than the entry points for last year for his first choice course and he sees the bonus 25 marks for Higher level maths giving him that buffer. Without your help he would not have made it so although not the highest result it hopefully makes the vital difference. Thanks for all your help and guidance. You are a big part of having a happy student in this house today.

Norman (Parent).

Hi Joe,

Joe got a H3 and was very happy thank you for your help and we will be in touch When number 3 is at the leaving cert.

Emma (Parent).

Wahoo, H5, I'm actually crying here...Thanks Joe. I cried my eyes out with happiness and relief. Thanks so much for all your help. (Parent).

Hey Joe,

H2 in maths! I was honestly shocked when i opened the results and saw that, after the mocks I was worried about passing at all. You no doubt played a huge part in me getting such a result, and I cant express how grateful I am for it. I'll be sure to recommend you to all the 5th years (now 6th woah) that I know! Many thanks and kind regards, Daniel.

Hi Joe,

Caoilinn got a H6 in maths so we're delighted with that, it was enough to get her the few extra points for higher level maths & for any courses she wants to do, thank you so much she would never have got this without your grinds, much appreciated. My youngest is starting 1st year next year so im sure I'll probably be in touch again down the line 🙂 thanks again. Deirdre (Parent)

Hi Joe,

I completely forgot to tell you that TJ got a H5.

He's happy with that. He had really struggled with the higher level Maths and, had it not been for the grinds, he probably would not have passed it.

Thanks so much for all your help throughout the year 🙂. Dee (Parent)

Hello Joe McCormack!

I purchased your solution books around Christmas time last year, and today I received my Leaving Cert results. I got 293/300 in p1 and 298/300 in p2, for a total of 591/600 before adjustment. The post mark adjustment brought it easily to 600! I would like to say thank you for your books, I found them to be a very helpful resource especially in the last few weeks before exams where I was flying through exam papers. They are worth the money. I will certainly be recommending your papers to people as they reach leaving cert.

Best wishes and many thanks,

Enda Loftus

Hi Joe … Mia done really well. Got her H5 and was delighted with it. Got the extra 25 marks and got her place in UCD. She is flying. Tks again for all your help and guidance. Paula (Parent)

Hi Joe, Emma got a H6 in her maths, she was happy she passed it. Thanks for the help 🙂. Niamh (Parent)

Hi Joe,

She got 58.16 in the August results. I got it rechecked just to try and bring her up to a H4. In the end she came up to 359/600. They brought up her paper one by a few points and also paper two by a few points and post mark adjustment went down from 27 to 26. She got 488 points overall. She is doing nutrition in MTU Cork.

Thanks so much for asking. I really appreciate it. Geraldine (Parent)

Hi Joe, Ruth got a H5 (56) in her maths. I was worried about it as she was upset after the papers. Therese.

H5. He was delighted. Liza (Parent)
